Can Shoot Ducks Sept. 21, Upland Birds On Oct. 9

There will be just two bird hunting zones in the province this year, rather than three, according to the migratory bird regulations released last week by the Canadian Wildlife Service.

In the southern zone, the season runs from September 21 to December 5 for ducks, gray and white geese, coots, rails and Wilson's snipe. Daily bag limit is five and possession limit is 10 for both ducks and geese. Restrictions are in effect as to numbers of each variety taken.

The hunting season for ring neck pheasant and Hungarian part-

ridge opens Friday, Oct. 9. The pheasant season closes October 24 and re-opens October 26, remaining open until December 5. The grouse season opens September 28. The limit on pheasant is three per day until October 24 and then five per day starting October 26.

Migratory birds may be shot from one-half hour before sunrise to one-half hour after sunset and upland birds from 8:00 a.m. to one-half hour after sunset. There is no hunting allowed on Sundays.

Bag and possession limits for ducks remain at five and ten, excepting mallard ducks, for which the limits are four and eight. The bag limit for geese is five, of which not more than three may be white-fronted geese, and the possession limit is ten, of which not more than six may be white-fronted geese. Other bag and possession limits are five and ten for rails, coots and gallinules, and eight and sixteen for Wilson's snipe.

The two-year closed season on canvasback and redhead ducks has improved the population levels to some extent, and a limit harvest will be allowed this year. Two of these birds may now be included in the daily bag limit and a total of two in the possession limit. This applies to the three Prairie Provinces, Ontario and Quebec.

The following changes in the regulations apply across Canada:

1. It is now mandatory that hunting be discontinued after the daily bag limit has been reached.
2. A hunter may not possess or transport a migratory bird unless one wing and the wing plumage remains attached to the bird. The wing and plumage may be removed if the bird is prepared for immediate cooking, or after the bird has been taken to the hunter's residence or to a commercial freezer locker. Migratory birds may not be exported from any province unless one wing and the wing plumage remains attached.
3. Hunters may not use recorded bird calls or sounds, or mechanically or electrically operated calling devices.
4. A hunter who cripples or wounds a migratory bird must now make all reasonable efforts to retrieve the bird, and if a

Lionettes Plan Baseball Pool On World Series

The Vulcan Lionettes held their regular meeting on Monday, Aug. 31 in the St. Andrew's Hall with 22 members in attendance.

A sumptuous banquet was served by the C.W.L.

After the reading of the minutes of the last regular meeting, Lionette Gerry Snow reported on the gift of the history book to the Peter Dawson Lodge. She commented on the beautiful leather cover tooled by Ina Ohler, who was given a hearty vote of thanks.

The baseball pool consumed most of the business with Gerry Snow once again volunteering her store as headquarters. All the cards will be available at the Fashionette until September 10 for anyone desiring tickets on all games.

Senior Citizens Night was again planned with tentative dates set for the end of October.

Entertainment consisted of a most amusing monologue by Lola Findlay and a wonderful display of ceramics by Pat Smith and Vera O'Brien. They each in turn explained the many points of interest and the different methods used.

There are three kinds of people... those who make things happen, those who watch things happen, and those who have no idea what happens.

Deep in the headwork which accompanies highway projects such as the widening of Vulcan's entrance road is engineer G. Berdahl and instrument man Doug Ramer. Others on the engineering crew were Tom Dunnigan and Vic Lee.

No Trace Of Downed Plane

About three months have gone by since Malcom Blake of Winnipeg, son-in-law of Charles Ottewill of Vulcan was reported missing on a plane flight north of Winnipeg. No word or trace of the missing aircraft has been received from the region around Lake McGinnis, where it was believed lost.

Mr. Ottewill travelled to Winnipeg some time ago for two weeks to be with his daughter Betty and family and spent last weekend at Lethbridge with another daughter, Mrs. Dorothy Gooder.

Mrs. Blake's daughter Margaret will leave Winnipeg shortly to enter the Holy Cross Hospital in Calgary to begin nurse's training.

As the X-ray specialist walked down the aisle to say the marriage vows with a former patient, someone whispered: "I wonder what he saw in her?"

Rain Delays Harvest

Light rain showers late last week and Monday and Tuesday of this week have brought harvesting to a halt just as it was getting well under way.

Combining was well advanced east and south of Vulcan and yields and grade are surprisingly good, considering the total absence of rain since July 3. Most wheat is grading No. 2 and yields up to 30 and 35 bushels per acre are being reported on summerfallow. Stubble-in acreage is relatively small, with yields of 10 to 15 bushels per acre and lower grades. The average yield of spring wheat in the Vulcan district this year is now estimated at 22 bushels per acre, which is slightly higher than the long-time average yield. Warm, dry weather is now needed.

It's harvest time again, at least it was until the showers of the past few days put a damper on operations. The above field of Ross Walker, on the edge of town was

shown running the combine. Mr. Speer has been with Mr. Walker for many years so is following familiar paths as he makes his rounds.

'Jr. Citizen' To Lynda Dann

Lynda Dann, 15-year-old daughter of Mr. and Mrs. Ben Dann Jr. of the Vulcan district, has been named to receive one of the six Alberta "Junior Citizen of the Year" awards sponsored by Calgary Power Ltd.

Lynda rescued an unconscious 11-year-old girl, Roxanne Graham of Calgary, from a deep, turbulent pool in Racehorse Creek, near Coleman, on Sunday, July 26, and then re-entered the pool to recover the body of the girl's uncle, Otto Comin of Coleman, who had drowned in a rescue attempt.

Lynda's instruction in swimming and life saving has all been received at the

Vulcan Lions Memorial Pool. She is an honors student at school and is active in church and young people's activities.

Over 20 nominations for "Junior Citizen" awards were received this year by Calgary Power. The six young people chosen by the judges to receive the awards include two from southern Alberta, one from the central part of the province and three from the Edmonton area. Each will receive an engraved scroll and a \$50.00 Canada Savings Bond, with the presentations being made at the Alberta Weekly Newspapers Association convention at the MacDonald Hotel, Edmonton, on Friday, Sept. 11.

Mrs. Ella Francis Of Majorville Buried At Calgary

Mrs. Ella Wilhemina Francis of Majorville died on August 30, 1964, at the age of 78.

Born in Ontario, she came to High River in 1908 and moved to the Majorville district in 1913, residing there since that time. She was a member of the Milo Lutheran Church, the Lutheran Ladies Aid and the F.W.U.A.

Predeceased by her husband, William, in 1960 and a son, Cecil Daniel in 1921, she is survived by two sons, Lee of Majorville and Bill of Queenstown; two brothers, Clarence Near and John Raymond Near, both of Niagara Falls, and one sister, Miss Naomi Near of Los Angeles.

Services were held at the Milo Lutheran Church on Wednesday, Sept. 2, at 1:30 p.m., with Pastor W. M. Berg officiating. Pall bearers were Jim Prentice, Bob Dietz, Alvin Heather, Fred Bertschy, Hugh Winch and Alvin Godkin and interment was in Mountain View Memorial Gardens, Calgary.

The Vulcan Funeral Home was in charge of arrangements.

Looking back over the last three months reveals a successful season: Instructionally, with a 5% increase in class registration, a four-session passing average of 79%, and the introduction of a new award, the Bronze Cross; endurance-wise, with four candidates winning the Alberta Safety Council Mile Swim Award; competitively, with local swimmers topping High River's Swim Meet of Aug. 15; recreatively, with fairly heavy recreational swimming despite a cool summer; rewardingly, with Lynda Dann's effective use of life saving knowledge in a real situation and her citation as a Calgary Power Junior Citizen of the Year Award winner in Southern Alberta.

The last week of August has seen instruction at four R.L.S.S. levels, results as follows:

- Elementary Cert.— 1 examined, 1 passed; Gordie Nolan.
Intermediate Cert.— 8 examined, 5 passed; Sue Giles, Kathy Sokvitne, Billy Horne, Barbara Babuk, Susie Boutland.
Bronze Medallion— 1 examined and failed.

August Meeting Of Church Group

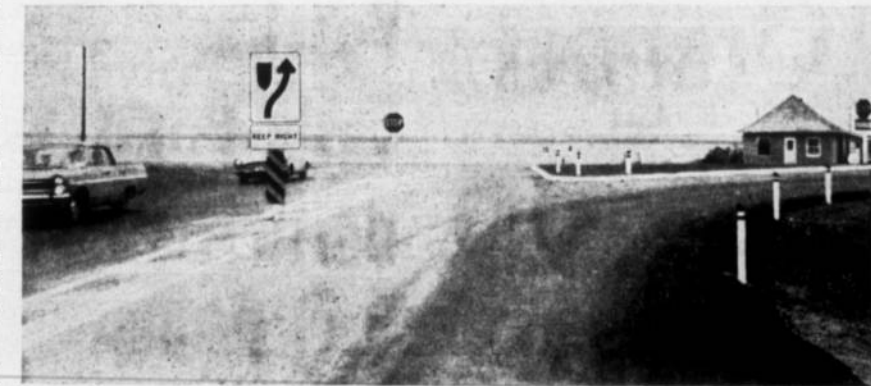

The Ladies of the Candlelight Circle met for their August meeting at the home of Mrs. Ila Turley on Thursday evening Aug. 13.

The meeting was opened with the singing of two hymns after which Mrs. Elsey Hollister led in prayer.

The devotional thought for the evening was brought by Mrs. Muriel Smith. Muriel chose for her topic "Real Home Missions."

Roll call was answered with a Bible verse on "Hope." Mission money for August was sent to the little girl adopte, Permalotta in India. After the business meeting adjourned the hostess assisted by Mrs. Bertha Webber and Mrs. Betty Wickstrom served a delicious lunch.

Splinters on the ladder of success are much sharper on the way down.

The long-awaited revamped highway entrance into Vulcan was completed last week as workmen painted markers and erected directional signs at the junction.

One view of the recently completed highway entrance renovation at Vulcan is shown above. One large and one small triangular raised island divert traffic into and out of Vulcan and the lead-in channels have been widened to take traffic more safely. Several

hundred yards of approach highway have been widened on each side of the entrance and traffic can enter from the north, depart to the south or to the north with much more ease than formerly. Traffic entering town from the south has a left turn lane on the highway while through traffic from the same direction takes the outside lane. There had been a movement by the Vulcan District Chamber of Commerce for a partial

Applications For Scholarships Are Invited

Applications are now being received at the County office for the Andrew Haworth and Percy Haslam scholarships.

The Andrew Haworth Scholarship, comprised of one year's income from a \$10,000 trust fund, is awarded annually to the Carmangay student receiving the highest marks in the final year of Grade 12, including not less than four departmental subjects. The scholarship is to be used for the further academic or vocational education of the student. Applications must be resident of Carmangay or district and attend a County of Vulcan high school or a high school adjacent to and sanctioned by the County of Vulcan.

The Percy Haslam Scholarship is awarded annually and provides for the continuation of education or training each year of a student whose parents have taken or are taking an active part in the work of the Berrywater FUA.

Applications for either of these scholarships should be made to the secretary-treasurer of the County of Vulcan No. 2 as soon as possible.

HAVE YOU CONSIDERED HOME ECONOMICS?

Girls of the 1964 Graduating Class — this is for you. Are you in a query as to career planning?

Home Economics offers a richer variety of occupations and greater personal satisfaction than any other profession today. Most people are vague about the possibilities of our profession. The definition of Home Economics is the "science and art of homemaking". It means the study of every aspect of home life, from the efficient planning of a kitchen to the relation of the family to the community.

The girl who has a degree in Home Economics has had a good general education including English, the sciences, psychology and art. She has also studied nutrition as well as the buying, preparation and service of food. She knows about fashion and the care and testing of textiles, as well as sewing. Interior decorating, buying and

caring for equipment, budgeting, child-care and development and family relations are also part of her studies.

There are 16 Canadian Universities offering degrees in Home Economics. The course offered at the University of Alberta is a three year program following Senior Matriculation.

Upon completion of training, the graduate Home Economist can choose among scores of positions. Jobs are awaiting her in publishing, advertising, television, radio and research, as well as in government welfare, and institutional management. And openings for teachers are equally varied. On the horizon are new fields, such as personnel work and occupational therapy.

And so you can see that opportunities in Home Economics are open to girls of many different temperaments, talents and interests.

GOOD NEWS FOR FARMERS

NATIONAL GRAIN RENEWS EXPANDED INSURANCE PLAN

Farming is one of the more dangerous occupations according to statistics. Recognizing this fact, National Grain Company has renewed their accident insurance program for farmers. The plan provides broad accident insurance coverage for customers who have delivered 500 bushels or more of grain to a National Grain elevator in the twelve months prior to the accident. Under the plan, coverage is automatic — the farmer does not have to register with the Company, nor fill out any forms. Insurance coverage increases with the size of deliveries to a maximum of \$5000.00. There is no deductible clause in the policy. Farmers dependents are also covered by the National Grain Accident Insurance Plan. Farm workers may also be covered upon application. The plan covers all injuries anywhere in the world at any time.

A National Grain spokesman reported that an average of 80 claims are paid every month and in the past 8 months, 614 claims have been paid. The Accident Insurance Plan is a feature of the 'National 70' farmer benefit program.

Complete details are available from National Grain Elevator Managers.

FARM SHELTERBELTS

Next to a good layout for the farmstead itself, there is probably no other project that will improve farm living conditions so much as a good shelterbelt. The benefits for many years to come will far outweigh the time and effort required to get it started.

Well-grown shelterbelts check the wind and moderate extreme heat and cold. They help to accumulate moisture from melting snows and reduce evaporation in gardens, orchards and ornamental plantings. They encourage bird life, provide year-round beauty and comfort as well as enhancing the value of the property.

Here are a few basic rules for planting a good shelterbelt from P. D. McCalla, Supervisor of Horticulture with the Alberta Department of Agriculture.

1. Prepare a definite and complete plan of your tree planting program before preparing the land. You can undertake a part of it each year until the program is completed.

2. Summerfallow the land the year before it is to be planted.

3. Allow at least five acres for the farmstead itself.

4. Leave the front of the farmstead open. Specimen trees or low hedge can be used for this area.

5. Plant low growing shrubs on the outside row of the shelterbelt.

6. Do not plant trees closer than a hundred feet to any building.

7. Do not plant evergreens in the same row as broad-leaved trees.

8. Fence the windbreak against livestock and guard against fire damage.

9. Leave room between the tree rows for cultivation. The width left will depend upon the type of machinery used for cultivation.

Mr. McCalla says his department is now taking applications for next year's supply of free trees from government nurseries. Contact your district Agriculturist for a list of 1965 tree varieties and an application form or write to P. D. McCalla, Supervisor of Horticulture, Alberta Department of Agriculture, Legislative Building, Edmonton.

Unnecessary Inconvenience

Bird and big game hunters of the County of Vulcan area will apparently have to come to Vulcan or to some other town where there is a Treasury Branch to secure their wildlife hunting certificates. According to inquiries made this week by The Advocate, no provision has been made for the sale of the new hunting certificates in the villages within the county.

We believe that the inconvenience thus being caused in the country, other than those living in the Vulcan district, is both unnecessary and unjustified. The idea behind the introduction of the new wildlife certificates is good — the hunter simply buys and affixes a stamp to his certificates for whatever form of hunting, bird or big game, in which he is going to engage. The wildlife damage assessment of \$1.00 is only collected once — when the certificate is purchased — and not, as in former years, with every type of hunting license issued.

Another objective of the new hunting certificates is the simplification of administration problems, but over-simplification can also be a fault and if there is to be only one certificate-issuing office in the 2,200-square-mile County of Vulcan this is indeed a major fault. The same situation doubtless exists in other areas of the province.

A strong protest has been forwarded from the Vulcan Fish & Game Association to its parent body, the Alberta Fish & Game, which in turn is expected to take up the matter with provincial officials. It is felt that the hunting certificates and stamps should be available without having to drive up to 50 miles to purchase them; that they should be obtainable in every village.

If enough protests are made, some change in the regulations can be expected. If not, hunters will have no alternative but to drive to their nearest Treasury Branch, regardless of distance, to purchase their wildlife certificates and stamps.

Couple Celebrate 65th Anniversary

Mr. and Mrs. Harold Parker of Ensign, Alta., celebrated their 65th wedding anniversary on July 26 at a Parker family reunion in Glenmore Park, Calgary. Five of the Parkers' eight children were present at the celebrations. They were: Bessie of Golden, B.C.; Blaine of Cranbrook, B.C.; Miles of Grand Forks, B.C.; Steve of Trail, B.C., and Brant of Calgary. Fifteen grandchildren and three great grandchildren were also present. Mr. Parker's brother Robert Parker of High River, who was present at the wedding 65 years ago, was also present. Out-of-town relations present, were: Mr. and Mrs. Duane Phillips of Eckville, Mr. and Mrs. P. W. McIntyre and family of Calgary, Mr. and Mrs. Ken Hutchinson of Calgary, Mrs. Mary Tigner, also of Calgary, Mr. and Mrs. Stu Noble and family of Okotoks, Mrs. Bobbie Gardner and girls of Osoyoos, B.C., Mrs. Pam Hornby of Calgary, Master Delbert Margetts of New Westminster, Mr.

Pedals 900 Miles To Okotoks

A future trip across Canada, on a bicycle, is in the mind of Paul Kopas, Jr., who recently arrived at Okotoks to complete a pedalling trip from his home at Bella Coola, B.C.

He will stay with his aunt, Mrs. Rhoda Kopas of Okotoks until the end of August when he will return to Bella Coola with his father. While in the province Paul has visited his aunt Mrs. Beulah Gateman of Mossleigh. He is also a cousin of Ron Pelham of Vulcan.

Bella Coola is 900 miles from Okotoks and the trip took 16 days averaging about 60 miles a day, with from two to 12 hours riding time each day. Paul left home on June 29 and travelled by way of Williams Lake along a 300 mile gravel road, via Cache Creek, through the Rogers Pass to Lake Louise, Banff, Calgary and to Okotoks. He had camping equipment but spent most nights with friends along the way.

No mechanical experience was encountered on the fun trip and Paul plans to see if he can persuade his eight year old bike to carry him across Canada "some-time in the future".

The travel bug must be in the Kopas family in a big way. Thirty years ago Paul Kopas, Sr., rode horseback from Calgary to Bella Coola in a trip lasting four months.

Life magazine reported that a survey of 25 merchandise-minded builders from coast to coast showed that builders credit 60% of their sales to newspaper ads.

BAND NEWS

(By Lloyd Jones)

After a very successful first year of operation, the Vulcan County Band Association announces the starting of band rehearsals for the coming year on Tuesday Sept. 8th.

It was the intention to start on the second Monday in Sept., but that being a Labor Day holiday, it has been decided to begin on Tuesday, Sept. 8th instead.

This first meeting will be held in the Vulcan Armouries at 3:30 pm. This will be an organizational meeting for the Junior Band. Due to the fine showing of the juniors last year, we anticipate a large number of beginners this year. If you or your child plan to join the band this year, please attend this meeting.

Parents of present players are asked to attend also. Be sure to bring your instrument, so you can blow the cobwebs out of it at this first practice.

All Senior Band members are asked to make their best effort to gather for rehearsal the same evening at 8:00 pm. We hope that by Monday, Sept. 14th most of the harvest will be completed, and with the organizational work of the band done, we will be able to get into full swing at that time.

On behalf of the Band Association, we express an appreciation to the people of the County for their wonderful support for this cultural development in our community during the past year. Remember:— "Teach a child to blow a horn, and he will never blow a safe."

TRAVERS

Congratulations are extended to Mr. and Mrs. Joe Snoeck on the birth of a daughter on Sunday, Aug. 30, in a Lethbridge hospital.

Duck Season

(Continued From Front Page)

wounded bird is recovered the hunter must kill it immediately.

5. Special permits may now be obtained by managers of civilian airports or the commanding officers of military airports to take migratory birds which are endangering the safe operation of aircraft.

Hunting Certificates

Wildlife certificates, required by both bird and big game hunters, are now being issued throughout the province at Treasury Branches.

The certificates replace the former type of hunting licenses and include the \$1.00 wildlife damage protection assessment. On purchasing a certificate, the hunter has the option of obtaining any of the various hunting licenses he requires by paying the extra fee and receiving a stamp to affix to the certificate. The wildlife damage fee is thus only collected once from each hunter and not on every license.

Crop Damage

Farmers having damage to crops by migratory wildfowl must obtain permits to allow hunters on their lands for the purpose of driving the birds away. All shooters must carry with them a valid damage permit while in the field shooting.

Permits become invalid once the crop is off. Shooting can be carried on only over cereal grain for which a permit has been issued.

No decoys, duck calls, blinds or other concealment can be used. No shooting within 50 yards of any water. Shooters must be residents and from the area for which the permit is issued.

Cardston Wedding For Sandra Puzey

Sandra Gae Puzey and Wayne Jay Gedlaman were united in marriage at a recent morning Temple wedding officiated by President Owen Archibald. The bride is the daughter of Mr. and Mrs. Fred Puzey of Champion and the groom is the son of Mr. and Mrs. Forest Gedlaman of Vernon, British Columbia.

Following the wedding the groom's parents were host and hostess at a lovely wedding breakfast at the home of their son-in-law and daughter, Mr. and Mrs. Urban Boyson of Cardston. Attending the post-nuptial event were close friends and immediate families of the couple.

A noon luncheon for the wedding party was later enjoyed in Claresholm at the home of the bride's grandmother, Mrs. G. E. Toone and the bride's aunt, Jean Toone.

For the reception held in the Champion Community Hall the young couple were radiant. The bride wore a floor-length traditionally white gown of lace and tulle underscored with satin. The lace bodice was enhanced with a square neckline and lily-point sleeves. The bouffant skirt fashioned of several skirts of tulle was topped with lace, sequins and tiny pearls with a wide scalloped lace panelling down the centre front and back. The veil of sheerst illusion with a deep lace border fell waist-length from a nylon flower headpiece dotted with tiny pearls. The bridal bouquet was a cascade of American beauty roses with feathered pink and white carnations.

Bridal attendants were Miss Cheryl Minty of Carmangay and Calgary, Miss Karen Smith of Vulcan and Calgary and the bride's sister, Miss DaVeeda Puzey of Champion. They wore identical street-length dresses of white sheer embroidered floral nylon over deep pink taffeta with matching shoes and accessories and tiny pink floral crowns. They carried nosegays of pink and white carnations.

The two dainty flower girls in deep pink crystalline dresses with full skirts carrying white baskets of pink flowers were the groom's niece DarLynn Boyson of Cardston and the bride's cousin Margaret Carlson of Champion.

Richard Tingle of Calgary was the best man with Dr. Ruedon Selk of Lethbridge and Wade Stringam of Rosemary as ushers.

The bride's mother chose a light blue brocade dress with matching accessories and wore a pink carnation corsage. Mrs. Gedlaman's dress was a beige brocade sheath with white accessories.

and a deep pink carnation corsage. The Community Hall was gaily decorated with large pink and white bells with pink net bows. The stage was centered with a large painting of the Cardston Temple surrounded by floral bouquets. Each of the 40 tables set for the 200 guests was centered with a miniature Cardston Temple nestled in pink net on a white cover with deep pink ribbons leading to each plate setting. The head table seated the bridal couple attendants and parents. A beautiful three-tiered cake decorated by the groom's mother was the focal point of interest.

Mrs. Fay Smith of Carmangay played interlude music during the reception. The bride's sister, Mrs. Ron Rhodes of Calgary presided at the guest book table.

Following the reception dinner Leo Toone of Claresholm was MC for an entertaining program of

vocal and piano selections, skits and readings. A tribute to the bride was then given by her uncle, Bishop Henri Toone to which the groom fittingly replied. The happy couple opened the many lovely gifts, assisted by Mrs. Pat Norton of Rosemary and Hazel Dow of Champion.

As the newlyweds left for a honeymoon in Banff the bride wore a two-piece knit suit of deep pink with pink accessories and a corsage of pink roses. They will make their home in Calgary where the groom is employed at CFCN-TV and the bride will teach Grade 2 at Glamorgan Elementary School.

Out-of-town guests included friends and relatives from Cardston, Lethbridge, Raymond, Taber, Barnwell, Vernon, B.C., Rosemary, Calgary, Claresholm, Welling, Vulcan, Gem, Carmangay, Taylorville, Shaughnessy and Red Deer.
